

ABOUT THIS GUIDE

About

The Wallace Center has adopted a digital collaboration platform called “BuddyBoss” to support the Regenerative Agriculture Innovation Network’s online Community of Practice (CoP). This “How-To” guide was created to provide a general overview of this CoP and offer instructions on how to navigate and utilize it.

Certain aspects of the CoP cannot be changed at this time, but we will be continually working with the site’s developers over the coming years to modify and improve the platform’s functionalities as best as possible!
